Weekly Memory Verse: "And He called the twelve together, and gave them power and authority over all demons and to heal diseases." Luke 9:1

What is the difference between being called to be with Jesus and being called to work for Jesus? Which must come first and why? Read John 15:1-11.

The power that God gives us to live, love, share, and engage with the world is super-natural. Why is it important for us to embrace this idea? How does God empower us? Read Galatians 5:16-26

God has given us authority (Matthew 28:18-20). What responsibility do we have?

What is the mission of the twelve in this passage and what is our mission? How are they related?

How is our work in the world dependent on our being "with" Jesus? Refer back to John 15.

How is our faithfulness to God causing people in our lives to ask the same question Herod asked; "who is this man about whom I hear such things"? Does your life make people ask this about Jesus? Read Matthew 5:16.
