Discussion Questions**

***Weekly Memory Verse: "...for he who touches you touches the apple of His eye." Zech 2:8b***

In the first vision we see with prophetic hope how God wants to restore those He has disciplined. How does this plan help to see love in discipline?

When you think about God being jealous over you, what does that make you think about? What might he be jealous over in your life?

In a world where power is everything how does the vision of the craftsman overcoming the army (authority) give you hope for our day?

In the third vision we see a city without walls. How has God expanded His kingdom outside the walls of Jerusalem? Are there walls that we have built that need to be torn down?

How is the picture of Israel being an olive tree that is cut down an apt description of the birth of the church through the Messiah (a new shoot)?

What is it about God's love for you that is hard for you to wrap your mind around fully?
