Discussion Questions**

We live in a world of hyper-sexuality, pornography, alcohol, drugs, and violence. Discuss the idea that sensuality has overtaken our culture as God has been rejected as King.

Discuss this statement: "our inner cities are boiling over because of systematic oppression that keeps minorities trapped in a perpetual underclass with no hope for finding a better life"

Compare the story of Sodom and Gomorrah (Gen 19) with the story of the Levite in Gibeah. How are they similar? How does this show the Canaanization of Israel?

Do you see satan laughing as abortion, alcoholism, drug addiction, pornography and other sensual traps leave a wake of death and destruction behind us in our culture? How should the church respond?

Have you ever stood in the midst of the consequences of your own sin or the sin of others and wondered why God did this?

Discuss the idea that our world stands in the valley of decision between Mt Gerizim (blessing) and Mt Ebal (cursing). Have you made a firm decision whom you will serve? How is that played out in your life and decision making?
