Weekly Memory Verse: "There is nothing covered up that will not be revealed, and hidden that will not be known" Luke 12:2

How easy is it for us to become so wrapped up in the little things (things we do) that we lose the true meaning of being a Christian (what we are)?

Why is it easier to cleanse the outside of the cup (what we do) than to allow God to cleanse the inside (what we want to do)?

Read Luke 6:22; Matt 10:22; John 15:18. How different are our lives really to be from those who do not follow Jesus? What costs might this difference require of us?

How does your idea of confessing Jesus change when you think about the real meaning of the word "homologeō" (to agree, to say the same thing)? How is your life confessing Jesus?

What do you think was going through Peter's mind in Acts 4:8-12 as he was filled with the Holy Spirit in his confession of Jesus?

What price are you willing to pay to be a follower of Jesus? Read 2 Cor 11:12-33
