Discussion Questions**

Weekly Memory Verse: “We urge you brethren, admonish the unruly, encourage the fainthearted, help the weak, be patient with everyone.” I Thess 5:14

Discuss the idea that instead of “aspiring to leadership” that we should aspire to “live in a manner worthy of being called into leadership”. Read I Timothy 3:1-13

We are all leaders in some contexts and followers in others. Where are you leading and where are you following spiritually?

How does the way we follow affect those who lead us? How does the way we lead affect the way people follow us?

Read Isaiah 42:3. How does this apply to brothers who have either fallen or those who are weak around us?

How should our behavior toward those who are struggling spiritually a reflection on how Christ has treated us?

In a world of people who are “looking out for number one” how are we to be noticeably different?
