*Weekly Memory Verse: "His divine power has granted us everything pertaining to life and godliness, through the true knowledge of Him who called us by His own glory and excellence."
2 Peter 1:3*

Have you ever had a time when someone became a stumbling block for your journey with Jesus? What was it like?

When we let "scoffers" touch our hearts what kind of response are we tempted to give in return? How can our response make us a stumbling block to brothers and sisters who are with us on the journey?

Think about the disciples in Jerusalem in Acts 9. After Paul had pursued them, imprisoned them, and hurt them now he comes to be accepted as a brother. What might they have felt?

How is Barnabas' actions in Acts 9:26-27 an example for us in how we deal with people who may have wronged us?

We often think we need more faith to deal with the world around us. How are Jesus words in Luke 17:6 both a challenge and an encouragement?

Read Romans 12:1. What is expected of us as children of Light?
